

## LSC TRANSPORTATION CONSULTANTS, INC.

### *Resume*

## **SELENA MCKINNEY**

### **Education**

Bachelor of Science in Natural Resource Planning – Humboldt State University

### **Professional Membership**

American Planning Association

### **Experience**

From 1990 to 1993, Ms. McKinney served as Project Planner for many transit studies, including plans for Pitkin and Garfield Counties, Mesa County, San Miguel County, Lake County, and Huerfano County in Colorado, Teton County in Wyoming, Carson City in Nevada, and Rapid City in South Dakota. Ms. McKinney served as Project Manager for plans in northeast Colorado. In addition, she collected extensive data on transit providers and summarized interviews for the Arkansas Statewide Transit Needs Assessment, helped develop a traffic mitigation program in Tahoe City, California, completed major portions of the work program for the Technical Assistance Project for the Souris Basin Transportation System in Minot, North Dakota, and worked on the Eureka Intermodal Facility Technical Assistance Project in Eureka, California. In addition, Ms. McKinney designed, conducted and analyzed onboard survey results for data collection efforts in California, Montana, and North Dakota, as well as conducting an extensive on-board survey for the CitiFare system in Reno, Nevada. She also completed countywide telephone surveys for Plumas and Lassen Counties, California. Ms. McKinney is well versed in data manipulation and evaluation techniques, as well as survey applications.

Between 1993 and 2005, Ms. McKinney assisted LSC Transportation Consultants, Inc. with many projects on a contract basis. Since rejoining the firm in 2005, she has served as Project Manager for the Lassen County Transit Development Plan (2007), the Trinidad Rancheria Short Term Transit Assistance Project (2006), and the Redwood Coast Community Transit Plan (2006). She is currently Project Manager for the Riverbank Oakdale Transit Authority Short Range Transit Plan, the Del Norte County Passenger Facilities Development Plan, and a Placer County CTSA 5310 Grant application project. Ms. McKinney has also served as a Senior Planner on several LSC transit studies, including the development of transit plans for the Martis Valley portion of Placer County, California, and Park City, Utah. In addition, she assisted the El Dorado County Transit Authority in developing transit elements for inclusion in a regional traffic impact fee program, and is currently assisting in the development of a transit design manual for El Dorado County.

Previous to her employment with LSC, Ms. McKinney prepared an environmental impact statement for a fire-recovery project as a U.S. Forest Service employee in 1989. From 1985 to 1987 she served as an Assistant Planner in the long range planning division of the Tahoe Regional Planning Agency, where she maintained a computerized parcel-by-parcel database, provided support for planning documents and project review, and helped to develop regulations for transfer of development rights.
